Attention to Detail

Time Management

Problem Solving

Effective Communication

Ganga Bhavani Vantaku

Frontend Developer(React)

Professional Summary

Dynamic and detail-oriented frontend developer proficient in React.js, JavaScript, and responsive web design. Skilled in leveraging Generative AI and rapidly learning new tech stacks to enhance development. Excels in problem-solving, effective communication, and delivering high-quality, scalable code for exceptional user experiences.

Experience

SSSS Vocational Junior & Degree College	Junior Physics Lecturer	June 2016 – July 2018

- Simplified complex concepts to facilitate understanding, demonstrating the ability to make intricate systems accessible, akin to conveying intricate user interfaces in design.
- Conducted and facilitated hands-on learning experiences, similar to testing and debugging for application reliability
- Created lesson plans to improve engagement, which parallels designing interactive and user-friendly interfaces in frontend development.
- Assessed performance and provided feedback, showcasing skills in analyzing and improving processes, relevant to optimizing web applications.

Projects
